**Sports:**

- An e-mail was sent out by Clare Agnew, Sports Director on April 30, 2007. Two more sets of Softball bases are required this season due to an increase in number of teams. Baseball season starts this week and therefore a motion to purchase new bases needs to be passed immediately. Next scheduled meeting is not until May 14<sup>th</sup>.
  - MOTION: To authorized the purchase of 2 sets of Softball bases (including the Safe Base). Cost not to exceed \$350.00.  
Moved: Clare Agnew, Seconded: Lynne Elke, Approved
  
- A subsequent e-mail was sent out by Clare Agnew on April 30, 2007. The LaSalle United Soccer team has agreed to pay for piping and nets (up to \$1,500) in lieu of paying rental fees for use of the fields for last year and this year. The nets used currently are made of PVC and are not practical for this level of play. They tip over easily with the wind and are easily bent and broken. However, they are ideal for the “learn to play” soccer program and can be used instead of pylons currently used by this program. LaSalle Soccer program requires 6 mini soccer nets and 4 full size nets. In this case, the cost to LSCC is approximately \$300.
  - MOTION: To authorized the purchase of piping and nets for the soccer program. Cost not to exceed \$300.00.  
Moved: Clare Agnew, Seconded: Darren Van Nieuw Amerongen and Lynne Elke, Approved
